Growing conditions: Above average winter rainfall, no frost and normal budbreak produced great fruit set. Judicious thinning and a warm summer led to an outstanding harvest with excellent quality and yields.

Winemaking: We crushed into a stainless fermentor, then added FX-10 yeast 48 hours later. The must was pumped over twice daily for 11 days prior to pressing. After malolactic fermentation, this wine was aged in French and American oak barrels for 18 months prior to bottling.

Victor Hugo Vineyards and Winery is one of Paso Robles' most exciting and innovative wineries. We're also a small, family-owned and operated winery specializing in small, hand-crafted lots of wine with intense colors and flavors. The winery is dedicated to producing elegant, rich wines exhibiting excellent longevity. Victor Hugo -- the promise of the Paso Robles area.
