Growing conditions: Late Winter rainfall (all in March), light frost (whites) and cool spring/early summer produced a great fruit set. Judicious thinning and warm days lasting into October led to an outstanding late harvest with excellent quality and yields.

Winemaking: The grapes were hand harvested, then crushed into a stainless steel fermentor. 24 hours later, the must was inoculated with D-80 yeast then pumped over twice daily for 14 days prior to pressing. After completion of malo-lactic fermentation, this Malbec was aged for 20 months in French and Hungarian oak prior to bottling.

Victor Hugo Vineyards and Winery is one of Paso Robles' most exciting and innovative wineries.
