Acidity: 0.67g/100ml

PH: 3.64

Residual sugar: 0.02 g/100ml

Date bottled: September 26, 2024

Cases produced: 107

Growing conditions: Another drought year with our total rainfall reaching only 50% of normal. The moderate crop coupled with an extreme warm spell in the last half of August led to a divided harvest, some early September with the balance in late October 7 early November, yielding a moderate harvest with excellent quality.

Winemaking: The grapes were hand harvested, then crushed into a stainless steel fermentor. 48 hours later, the must was inoculated with D254 yeast then pumped over twice daily for 15 days prior to pressing. After completion of malo-lactic fermentation, the Petit Verdot was aged in French and Hungarian oak for 20 months prior to bottling.

Victor Hugo Vineyards and Winery is one of Paso Robles' most exciting and innovative wineries. We're also a small, family-owned and operated winery specializing in small, hand-crafted lots of wine with intense colors and flavors. The winery is dedicated to producing elegant, rich wines exhibiting excellent longevity. Victor Hugo -- the promise of the Paso Robles area.
